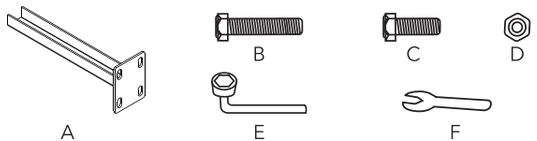
Headboard Bracket Installation Guide

MLILY®

GLOBAL PARTNER OF MANCHESTER UNITED

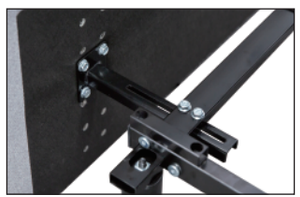
Headboard Bracket Components

A. Headboard Brackets (2)
B. Long Bolts (4)
C. Short Bolts (8)
D. Nuts (4)
E. L Wrench (1)
F. Ratchet (1)



Installation Guide

Step 1: Attach the Headboard Brackets
Locate the headboard brackets (A). Each bracket has two long slots designed to fit various frame types.
Align the appropriate slots on the brackets with the holes on the bed frame.
Insert the long bolts (B) through the aligned holes and secure with nuts (D).
Tighten all bolts firmly using the ratchet (F) to ensure the brackets are securely attached.



Step 2: Install the Headboard
Position the headboard so that its mounting holes align with the holes on the headboard brackets.
Insert the short bolts (C) through the aligned holes to secure the headboard to the brackets.
Tighten all bolts securely. Use the L-wrench (E) if necessary to ensure a firm connection.
